Venue: Auditorium Indraprastha Apollo Hospital, Sarita Vihar,
New Delhi

Conference Brochure

WELCOME MESSAGES

Dear Delegate,

It gives us great pleasure to invite you to participate in the 2nd International Annual Conference of the Inter-Professional Wound Care Association (IWCA), scheduled to be held on 21–22 February 2026 at the Auditorium, Indraprastha Apollo Hospital, New Delhi.

Building on the success of our previous meeting, this year's conference is centered on the theme: "Advancing Wound Care through Interprofessional Collaboration, Education, and Advocacy."

The conference will bring together leading clinicians, researchers, academicians, and allied healthcare professionals from across the country to share knowledge, experiences, and the latest advancements in wound care.

The scientific program will feature plenary lectures, expert-led workshops, panel discussions, and interactive sessions designed to foster collaboration and provide delegates with high-impact learning opportunities. In addition, the conference will serve as an excellent platform to engage with peers, exchange ideas, and explore practical approaches that can be applied in clinical practice to improve patient outcomes.

We anticipate the participation of 350–500 delegates, creating a vibrant and dynamic forum for academic exchange and professional networking.

We sincerely look forward to your participation and are confident that your presence will add immense value to the deliberations and help advance the mission of building a stronger, more collaborative wound care community.

**Warm regards,
Organizing Committee
2nd International IWCA Annual Conference 2026**

ABOUT IWCA

Welcome to the Interprofessional Wound Care Association (IWCA), a non-profit organization dedicated to advancing wound care through interprofessional collaboration, education, and advocacy. Our mission is to improve patient outcomes by fostering a collaborative community of healthcare professionals committed to excellence in wound care.

Our Mission

Our mission is to promote and facilitate the highest standards of wound care through collaborative practice, continuous education, and innovative research. We are committed to empowering healthcare professionals with the knowledge and resources they need to provide optimal care to patients with wounds.

Our Vision

We envision a world where every patient has access to high-quality wound care, regardless of their location or financial situation. By working together, we aim to drive advancements in wound care practices and improve the quality of life for patients globally.

Collaboration

We believe that the best patient outcomes are achieved through teamwork and the sharing of expertise among various healthcare disciplines.

Excellence

We strive to uphold the highest standards in wound care, ensuring that our members are well-equipped with the latest knowledge and best practices.

Innovation

We embrace new technologies and methodologies that can enhance wound care treatment and patient outcomes.

Education

We prioritize ongoing education and professional development to keep our members at the forefront of wound care advancements.

Advocacy

We advocate for policies and initiatives that improve patient access to high-quality wound care and support the needs of wound care professionals.
